Week 9 Term 4  W/E—4TH DECEMBER

We are very quickly moving into the last 2 weeks of the school year and so much has been achieved and yet still more to come!

Last week the Department confirmed our second teacher position for 2016 as a temporary placement. They will not be appointing a scholar at this time so Miss Warby has agreed to continue on with us next year. Thank you Sarah for your commitment to our school, we look forward to continuing on our learning journey with you.

Our visit from the Dieticians was a lot of fun and there were lots of interesting Christmas ideas with fruit and other embellishments. This week we also received our Books in Homes, a program that we intend to continue in 2016.

The students have been very busily practising for presentation night with lots of ideas and enthusiasm. Next week we will be practising each day as well as swimming most days.

BICYCLE HELMETS

It has been noted by some community members that students are not always wearing helmets when riding to and from school. Please remind your child to wear their helmet each time they ride.

WEEK 10 SWIMMING

Next week the students will be swimming everyday except Friday as part of our “Ready for Summer” swimming program. This will be a continuation of current Friday lessons to develop safety and skills in the pool. Students will need swimmers, towel and thongs each day.

PRESENTATION NIGHT

When: Friday 11th December
Starting: 5.30
Where: School classroom
Who: EVERYONE!
